- Saves up to 80% vs replacement
- Quick, clean, and hassle-free

Fast turnaround. Beautiful results.

A New Shower Tray Look in Just Hours

Is your shower tray stained, scratched, or just looking tired? Don't replace it—respray it! Our professional shower tray respray service brings old trays back to life with a fresh, durable, and waterproof finish.

Why Respray Instead of Replace?

- **Done On-Site** – We respray directly in your home. No need to remove plumbing or fixtures.
- **Saves Money** – A respray costs significantly less than a full replacement.
- **Quick Turnaround** – Most trays are completed in just a few hours.
- **Like-New Finish** – Smooth, high-gloss, and long-lasting results.
- **Eco-Friendly** – Reduce waste by restoring what you already have.

Perfect for homeowners, landlords, and property managers who want fast, affordable results—without the mess of renovations.

Stonefleck: A Stone Look Without the Stone Cost

Durable. Textured. Stylish.

Upgrade your bathroom surfaces with our Stonefleck spray finish – a textured, stone-like coating that transforms tired bath walls, bath tubs and shower trays into modern, high-end features.

Why Choose Stonefleck?

- **Stone-Look Finish** – Adds depth, texture, and a premium natural stone appearance.
- **Applied On-Site** – No need for demolition or removal. We spray directly onto your existing surfaces.
- **Seamless & Waterproof** – Perfect for wet areas like shower enclosures and bath surrounds.
- **Cost-Effective Alternative** – Get a luxury look without the price of real stone tiles.
- **Durable & Easy to Clean** – Resistant to moisture, mould, and everyday wear.

Great for homeowners, landlords, and renovators looking to modernise without the mess of tiling or replacements.

A Circular Economy Company

Our **Commitment to Sustainability**

At **All Surface Respray**, we believe in giving new life to existing materials rather than sending them to landfill. By respraying and wrapping kitchens, bathrooms, furniture, and surfaces, we reduce waste, minimise environmental impact, and extend the life of perfectly good materials.

Instead of replacing cabinets, worktops, or fittings, we transform what's already there—cutting down on unnecessary manufacturing, transportation, and disposal. This sustainable approach helps conserve resources, reduces carbon emissions, and supports a more responsible, circular economy.

Less waste. Less cost. More impact.

Choose smarter. Choose circular. Choose All Surface Respray.
