Let's go step by step

1

01 Preparation is crucial

The first two days, the doors are removed, cleaned and prepped for Spraying. These are the most visible parts of your kitchen and deserve significant attention to give it a perfect finish.

2

02 Respraying the frame

Generally, on the third day, the frame of the cabinets is cleaned, sanded, and prepared for repainting. Meaning there is as little downtime as possible for you and your family.

3

03 Almost Done

On the final day, the doors are refitted. When needed, new handles will be re-fitted. We can fill and reset any shape or size.

Our exclusive paint is specifically designed for this type of work. It has an ultra-smooth finish and is excellent for easy cleanup and maintenance.

It's all about the Paint!

Selecting the right paint is crucial, and Kitchen Respray's special formula is the best and most logical choice for your kitchen. As Ireland's only company offering this unique blend, our paint is specifically designed to meet the needs of the Irish market. Our exclusive formulation provides unmatched durability and a flawless factory finish, ensuring your kitchen looks stunning for years to come. Trust Kitchen Respray for a superior, tailor-made solution that meets the unique challenges of a kitchen environment.

Why Choose **Kitchen** & **Worktop** Wrapping?

Transform your kitchen easily and affordably by wrapping your cabinets and worktops. Vinyl wrap offers a modern finish with a variety of stunning designs, including woodgrain and marble effects, at a fraction of the cost of replacement. Many customers mix wrapping with spray painting for a custom look. Vinyl wraps are durable, scratch-resistant, easy to clean.

Worktop & Tiles

Respray

Say goodbye to Tilers, plumbers, gas engineers and carpenters and save money in the process.

At All Surface Respray, we only use the best. Over the years, we have tweaked our formulas and systems to deliver the country's best and most durable countertop resurfacing procedure.

Sometimes it's just a chip or a burn that needs to be repaired. Everyday landlords commercial premises and domestic home-owners choose to repair instead of replace.

Save all the hassle of breaking tiles, disconnecting your gas cooker and disconnecting your water when you choose to respray rather than replace.
